PROFESSIONAL EXPERIENCE

- Lead Hardware Engineer**, EliteWork, Kirkland, WA | May 2024 - Present |
Lead hardware infrastructure deployment and maintenance for proxy, data, and infrastructure systems across multi-site server environments. Manage and support production servers colocated at three data centers, and coordinate a distributed network of residential “mini-servers.” Drive the DynaNode project’s hardware strategy while improving systems, documentation, and deployment processes in collaboration with the team.
- Client Hardware Support** Internship, Costco IT, Issaquah, WA | January 2023 – April 2023 |
Assisted in new client hardware technology solutions. Tested new client hardware or applications on existing infrastructure. Troubleshoot devices remote and onsite.
- Desktop Support Technician I**, Denali Advanced Integration, Seattle, WA | July 2022 – January 2023 |
Physical installs/placement of equipment, cabling, data backup and transfer, imaging, basic configurations, standard application installs/setups, profile transfer, and preparation of old devices for disposal or re-deployment. Provided technical assistance and support onsite and remote.
- Desktop/Network Technician**, UTS (Uptime Technical Solutions), Burien, WA | January 2022 - March 2022 |
PC’s, laptops - assemble, install (OS, apps), troubleshoot. Manage Active Directory.
- Scanner**, E-commerce, Seattle Goodwill, Seattle, WA | June 2017 – October 2021 |
Scan, upload, sort, count items on website and database.
- Devices Repair Technician**, TechFixZone, Bothell, WA | November 2017 - June 2018 |
Repaired hardware (PC, Laptops, Cellphones) - diagnosed, tested, fixed or replaced components. Troubleshoot software (on MAC, Windows, Linux) – diagnosed, installed, recovered, unlocked. Customer support – gave verbal technical support to customers if required.
- System Administrator/Network Support Technician**, Grigoriopol Post, Grigoriopol, Moldova | March 2011 – June 2014 |
Troubleshoot network and PC. Deployed network in new offices. PC and Server: installed, updated, upgraded, repaired, and trained employees at new software. Helpdesk.
- IT Helpdesk Support**, City of Grigoriopol Central Hospital, Grigoriopol, Moldova | April 2009 – March 2011 |
Fixed office copiers, printers, and scanning machines. Made some computer repairs.
- Network Manager**, SunCity Internet Club, Kishinev, Moldova | August 2006 – December 2008 |
Administered PC & Network troubleshooting and configuration duties. Assisted customers with printing and scanning documents, and researched information. Computed sales prices, totaled purchases, received and processed cash.
